

HOW TO INVEST STEP BY STEP

BY: YOUTHVESTORS

Why should you invest.
You should invest because you can gain:

1. Patience

When investing you won't make money overnight so you will have to wait for your stock you invested in to go up.

2. Money Habits.

Be more financially literate and prepared for the future.

3. exposed to more news

4. be a step ahead of others

5. Risk return lessons
you become more risk tolerant

6. Money

Before Investing You must know these 4 things:

1. How much are you willing to lose.

If you are willing to take the risk only then should you continue investing

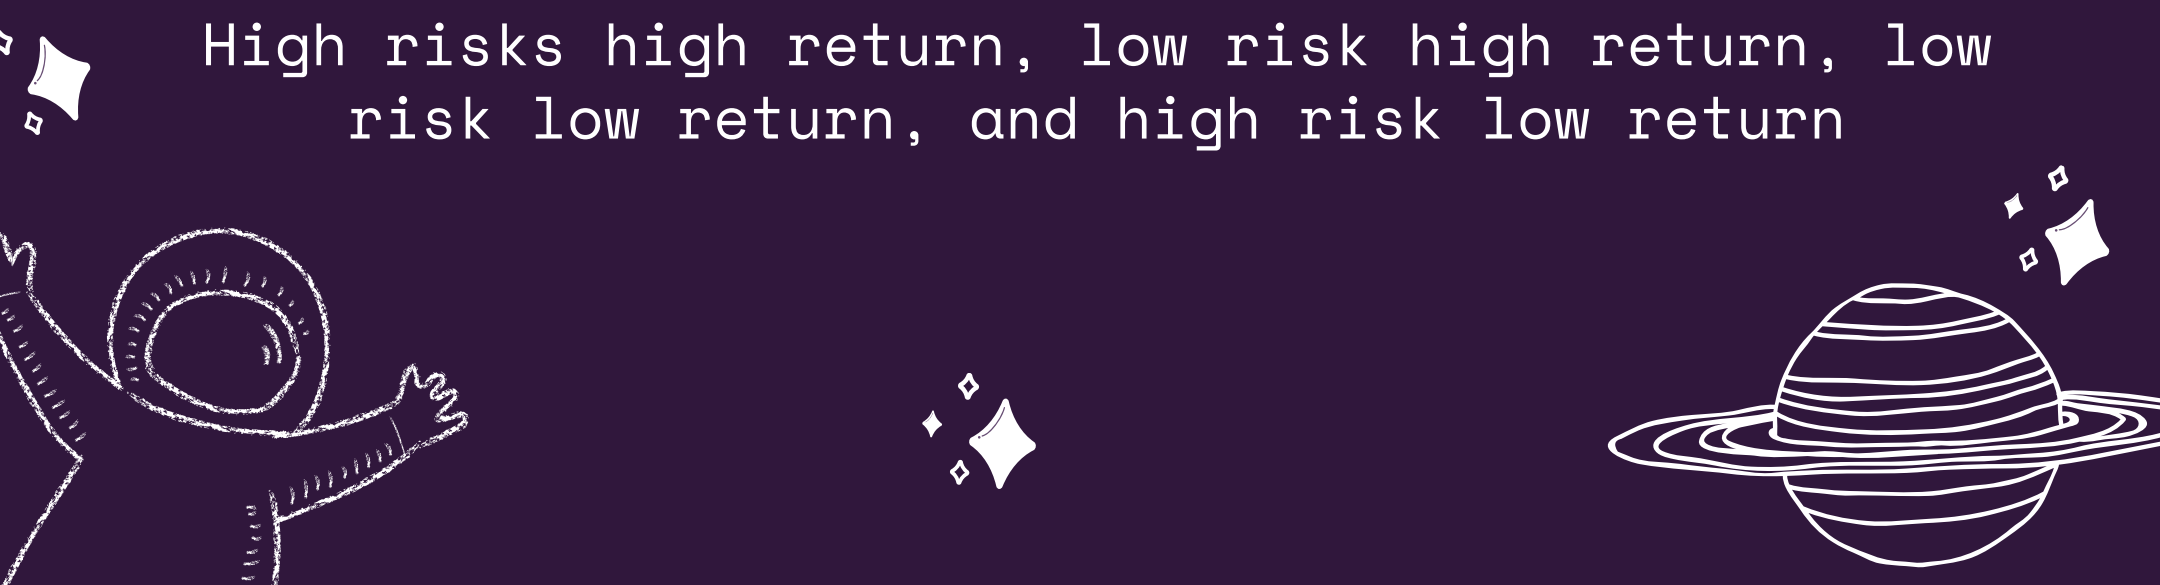

2. Start small.

Don't put all your money at once into the market and get used to the ups and down of the market.

3. Worst luck for Novice investors.

Once a stock that they invest in goes up, they will have confidence in that stock and invest more and sometimes you can lose all your money.

4. The 4 broad investment categories in the risk matrix

High risks high return, low risk high return, low risk low return, and high risk low return

Risk Matrix

Risk	<div>High Risk</div> <div>Low Return</div>	<div>High Risk</div> <div>High Return</div>
	<div>Low Risk</div> <div>Low Return</div>	<div>Low Risk</div> <div>High Return</div>
Return		

Step 1: Research and learn about the stock market.

Researching about the market will help you understand what a stock is, how to invest, which applications are best to use for investing, and how the market works. If you do not have time to do deep research then you can hire an investment advisor.

Step 2: Set a budget

Budgeting is the process of creating a plan to spend your money. Creating this spending plan allows you to determine in advance whether you will have enough money to do the things you need to do or would like to do.

Step 3: Open a brokerage account

A brokerage account is an investment account that allows you to buy and sell a variety of investments, such as stocks, bonds, mutual funds, crypto, and more.

✦ STEP 4: CHOOSE YOUR INVESTMENTS

ARE YOU INVESTING FOR THE SHORT, MEDIUM, LONG TERM INVESTMENTS OR SAVING FOR RETIREMENT? WHEN CHOOSING AN INVESTMENT FIND OUT HOW YOUR MONEY IS BEING INVESTED, HOW THE PRODUCT IS GOING TO MAKE RETURNS AND HOW THE RETURNS ARE GOING TO GET PAID TO YOU. IF YOU DO NOT UNDERSTAND THE PRODUCT DON'T INVEST IN IT.

TYPES OF STOCKS YOU CAN INVEST IN:

- 1.COMMON STOCK
 - 2.PREFFERED STOCK
 - 3.LARGE, MID, AND SMALL-CAP STOCKS
 - 4.DOMESTIC STOCK
 - 5.INTERNATIONAL STOCKS
